## Potassium Schoenite (100% water soluble)

# Potassium Schoenite (100% water soluble)

Greenfert Potassium Schoenite is nature's unique & perfectly balanced rich source of Potassium, Magnesium, and Sulphur in 100% water-soluble form. Greenfert Potassium Schoenite is unique fertilizer which contains three important nutrients in balanced proportion.

## Potassium Schoneite (100% water soluble)

(I)	Moisture per cent by weight, maximum:	1.5
(ii)	Potash content (as $K_2O$ ) per cent by weight (on dry basis), minimum:	23.00
(iii)	Magnesium oxide (as $MgO$ ) percent by weight, maximum:	11.0
(iv)	Sodium (as $NaCl$ ) (on dry basis) per cent by weight, maximum:	1.5

**Product Name:** Greenfert Potassium Schoenite

**Specifications:** Potassium Oxide (K<sub>2</sub>O):- 23% Min and Magnesium Oxide (MgO )  
11% Max

**Details:**

▶▶ Greenfert Potassium Schoenite is Potassic Fertilizer which is used as straight fertilizer as well as for Fertigation and Foliar application. It is nature's unique & perfectly balanced rich source of Potassium, Magnesium and Sulphur in 100% water soluble form. Greenfert Potassium Schoenite is unique fertilizer which contains three important nutrients in balanced proportion, hence it pays vital role in rapid and healthy growth for all the crops, resulting in quality produce and high yield.

Greenfert Potassium Schoenite is admired for having ability to build cell walls, regulate leaf stomatal opening, and activate enzymatic reaction. It is also necessary for starch & sugar formation in fruits and for providing good disease resistance.

**Benefits:**

- ▶▶ Greenfert potassium Schoenite Act as natural chelator for metal ions under alkaline conditions and promote their uptake by the roots.
- ▶▶ Greenfert potassium Schoenite reduces the availability of toxic substances in soils & stimulates root growth.

▶▶ Greenfert potassium Schoenite promotes the conversion of nutrient elements into forms available to plants and increase germination and viability of seeds.

**Used For:** Tomato, Okra, Brinjal, Chilly, Gourds, Beans, Pomegranate, Grapes, Citrus, Mangoes, Cashew, Grams, Pease, Beans, Paddy, Wheat, Soya, Cotton, Sunflower, Piper Mint(Mentha) etc.

**Dose/Usage:** Mix Granule with soil before planing/sowing, Apply in rows or in rings at the base of the plants. Can be used on all types of plants.

**Packaging:** 25 Kg HDPE Bag & 1 Kg poly pouch
